My Love Letter to You

Hello Lovebirds,

Let me start by saying THANK YOU for choosing Dash and I to be side line characters on your big day!

I know, I know, planning your wedding is A LOT, but you've ticked off the first box by choosing the planner that is right for you. It is after all, only one of the biggest days of your life!

Behind all the "wows" and "oohs and aahs" coming from your friends and family on the day, I believe that your wedding should be the manifestation of your love story. I look forward to getting to know you so well that we create a physical representation in all the little details of your love, yourselves and your story.

I plan as though I am the client. I know that may sound strange but trust me, I am the pickiest client you could ever meet and with me on your team I will ensure that each light bulb is in the right place, each flower is massaged, each glass is cleaned and each guest is thought of.

All my love,
Chelsea

I look forward to standing side by side with you on this beautiful, creative, logistical and heartfelt journey to bring you a day that clamours YOU!

And yes, I will probably cry happy tears for you both on your wedding day
...I'll bring the tissues.
